Experience

2019

Student practice

Serving a multitude of clients, in a period of 3 months as frontend and web designer, with design of advertising such as websites, logos, packaging, print and video ads.

2020

Web designer at BetaMatch

Designed user experience and visual designs, I collaborated with engineers to design and code front-end with the wholesome team.

2022

Web designer at Meridianbet

Creating a visually appealing and user-friendly interface that enhances the overall user experience while navigating the site, also modernizing design while maintaining the essence of the brand.

2023

UI/UX designer at Wollson

Developing wireframes and high-fidelity designs for landing pages with a strong focus on usability and visual clarity. Interpreting client needs and turning them into structured, user-centered design solutions that enhance the overall shopping experience.

2024 - present

UI/UX designer at Heylander

Creating wireframes and high-fidelity landing page, home page and social media designs, delivering visually refined and user-friendly e-commerce experiences. Translating client requirements into clear, functional, and engaging design systems.
